 ○ Monumental Point or Located Object
 331 Station number or name of monument station
 Station reported not recovered
 --- Measured Base: Electronic or Taped
 --- Line of triangulation observed
 --- Line of triangulation observed from one end only
 --- Measured Length: Electronic

Information may be obtained from the Geodetic Survey, NOAA, Rockville, Maryland 20852

Each 30 minute quadrangle (shown in blue) is identified in the southeast corner by a six digit number showing successively degrees of latitude, degrees of longitude, and position in its one degree quadrangle.

Note: Data may be requested by quadrangle, county, or other unit. Since publication of data in quadrangle units may not be complete for this State, requests for information by quadrangle number will be supplied with data in whatever form is available.
