Pima County
Edition of 5/1/56

Numbered lines indicate listed azimuths and distances to the following stations not on the quadrangle:

1. Growler (C&GS)
2. Palsano
3. Cornez
4. Rio
5. Crater
6. Hat Brim (C&GS)
7. Dim (C&GS)
8. Papago
9. Saucedo (C&GS)
10. Childs (C&GS)

To reach station take rd. past Sneed's ranch around S. end of mountain to where a rd. leads N. along the W. side of the mountain. Station can then be reached on foot from a point 1.5 mi. W. of mountain.

Station mark: Bronze tablet set under cairn.

Reference mark: Standard reference mark bronze tablet, 23.5 ft. from station mark in azimuth 255°46'.

Note by J.R.C., 1948: Station found as described.

FLITE (C&GS)

1927 N.A.D.

USC&GS, 1935

W.T. Borgeson, 1962

Book: PH 858

Station mark and reference mark No. 1 recovered in good condition as described in U.S. Coast and Geodetic Survey Special Publication No. 224, page 123, with the following exceptions: Reference mark No. 2 and the azimuth mark have been destroyed by highway improvements.

The station is on the grounds of the Cabeza Prieta Game Range Sub-Headquarters operated by the Fish and Wildlife Service of the Department of Interior. Mark is 7 ft. N. of the N. wall of building and 9.6 ft. W. of the NE. corner. Growth of town renders station virtually useless as a triangulation station.

Station mark: USC&GS disk stamped "FLITE 1935" set in concrete post projecting 0.3 ft.

Reference mark No. 1: A USC&GS reference mark disk stamped "FLITE NO 1 1935" set in flush concrete post, 76.05 ft. from mark in azimuth $185^{\circ}39'$ (C&GS values). A wooden post obstructs line from station mark to reference mark.

Reference mark No. 3: A U.S. Air Force Geodetic Survey disk, stamped "RM NO 3 1952" set in concrete post projecting 0.1 ft., 74.28 ft. from station mark in azimuth $182^{\circ}32'$. The arrow on this disk points to the former location of an Air Force station which has been destroyed.

Signal: White flag over fluorescent red cross-target on pole centered over reference mark No. 1. (Sight lines from station mark mostly obstructed).

Signal data:	TWF	14.4 ft.
	TRXT	12.05
	BRXT	9.4

J.C. GREENWAY CROSS

1927 N.A.D. (Unadj.)

R.N. Gardner, 1962

Book: PH 858

The John Campbell Greenway Cross was originally intersected by U.S. Coast and Geodetic Survey in 1935 and 1936.

Station is located about 0.5 mi. SW. of the center of the town of Ajo on a sharp isolated top.

Station reached by helicopter.

The eccentric station was marked by a used star drill and is 9.98 ft. from the memorial cross (a large concrete structure) in azimuth 192°18'18".

Signal: Cross is used.

Signal data: Top of cross arm of concrete cross 16.0 ft.

Photo No. Not Identified.
